WHERE CONNECTIONS HAPPEN

The Mechanical Electrical Electronic Technology (MEET) Show takes place every two years and serves as a venue to bring together professionals from the mechanical and electrical industries from across North America. The show's 2022 edition takes place May 4th & 5th at the Moncton Coliseum Complex.

Thousands of visitors from across Canada and the US will be in attendance at this exciting event – to network, attend educational seminars, and browse the expansive marketplace filled with the very latest industry products and services available today. The last edition of MEET welcomed more than 6,200 buyers, and show management is expecting an even bigger crowd for 2022.

If your business plan includes putting your products and services in front of contractors, developers, architects, engineers, trades people, personnel from both the municipal and provincial levels of government, and just about anybody involved in the industrial, commercial and residential sectors, you won't want to miss this prime opportunity to put your company's name at the forefront.
